- Have or plan to acquire residential property for owner occupied purposes.
- Owner Occupier's planning to establish residential security for long term sustainability, and future expansion of property growth.

Fixed Rate

- Certainty around repayments
- Redraw access allowed for any additional repayments made to the loan whilst on a fixed period

Variable Rate

- Flexibility to make unlimited additional repayments and access the additional funds at any time
- Customers offsetting loan balance by depositing savings/ or regular transfers to account.
- Flexibility in altering/amending their investment loan at any time with minimal costs

Consistency between target market and the product

This product is likely to be consistent with the likely objectives, financial situation and needs of the class of customers in the target market. This is based on an analysis of the key terms, features and attributes of the product and a finding that these are consistent with the identified class of customers.

This product enables Owner Occupiers to take advantage of the flexibility of the product whilst making Interest Only repayments. These options include flexible repayment options, through the choice of variable rate, fixed rate, or a split between both options.

The Variable Rate option offers additional flexibility by allowing unlimited additional repayments to be made. This rate isn't locked in, so it is suitable for those wanting to take advantage of any rate decreases over the loan's term. This option also allows for additional cash flow, as members can redraw on any extra repayments made.

The Fixed Rate options provide certainty, as borrowers know their repayments won't change during the fixed rate term. Will not be impacted by interest rate fluctuations during the fixed term, however there is limited flexibility however as additional repayments are limited during the fixed term.
